Len,

Thanks very much for your note, which I got when I got back from holiday. This Issue has been decided by Ed. He's quite clear, and has asked me to tell TfL, that Greenwich must deal with me, and can't go through Isabel, if they want to benefit from any of our new cycling funding, infrastructure or routes. Ed wrote to Chris himself the week before last - letter attached. Isabel's seeing Chris tomorrow and will convey the same message.

As you may know, there's a council meeting on Wednesday night at which the opposition has put down a motion calling on the council to co-operate with me. Very much not my idea, by the way - the risk is it drives them even further into the bunker. Any chance you could do some shuttle diplomacy beforehand to find if they are willing to see sense, or at least to prevent them saying anything that rules out future contact? It would, as we've both agreed, be nice to get past this silly situation.

Thanks again for all your help on this.

Andrew

Hi Andrew

Len's finished earlier and can meet you at 6.30 if that's more convenient?

Best,

Is 7.30 too late, by Greenwich train station?

Thanks,

Hi [REDACTED]
I'm out of the building at meetings all this week and not in City Hall much, but I'm around this evening in Greenwich if that's any use? I could meet Len somewhere in the town centre if he's going back from City Hall to Woolwich, or indeed in Woolwich?

Hi Andrew,

Len has asked me to contact you further to a conversation he had with Sir Eddie Lister in regard to ongoing cycling issues in the Royal Borough of Greenwich. When would suit you to discuss with Len?

Best wishes,
